

Could you share a memory that involves your family's association with our McCary's family?

I remember my mom taking me to McCary's when I was growing up. Everyone was always so nice & friendly. You felt like you were always part of the family by the way you were greeted. They remembered your name & always asked how the rest of the family was. I got my very 1<sup>st</sup> "grown up" ring from here. It was a birthstone opal ring for my birthday. Over the years I've bought jewelry, brought it back and had it re-crafted into a "new" piece. All designed by R.L. himself. I still have my 1<sup>st</sup> re-crafted piece, a diamond necklace, from 1982. I think it was originally my high school senior ring!

McCary Family,

35 years ago we purchased our wedding

rings and band from McCary's at Shreve City  
and we proudly enjoy wearing them today.

Mr. McCary helped to guide us in making our  
selections then in 1975 and he and his

wonderful jewelry family have continued our  
"McCary Tradition" as our preferred and trusted  
source of our jewelry memories.

Happy Birthday Mr. McCary! Rod and Becky Reeves
